

# DocScanner AI Writing Solutions

## Complete Solution Database

### About This Solution Database

This collection contains solution-focused guides for all writing rules implemented in DocScanner AI. Each PDF provides specific solutions for writing issues that can be uploaded to your knowledge base for AI-powered solution lookup and recommendations.

### How to Use

1. Upload all solution PDFs to your DocScanner AI knowledge base
2. When the AI detects writing issues, it will search these solutions
3. The AI will provide context-aware solutions from your uploaded documentation

Rule Category	Solution PDF	Primary Issues Addressed
Consistency Rules	consistency_rules_solutions.pdf	Inconsistent step numbering, Mixed heading formats
Passive Voice	passive_voice_solutions.pdf	Passive voice construction, Weak passive sentences
Long Sentence	long_sentence_solutions.pdf	Sentences over 25 words, Complex compound sentences
Style Rules	style_rules_solutions.pdf	Inconsistent style, Informal language
Grammar Rules	grammar_rules_solutions.pdf	Subject-verb disagreement, Incorrect tense usage
Terminology Rules	terminology_rules_solutions.pdf	Inconsistent technical terms, Non-standard terminology
Vague Terms	vague_terms_solutions.pdf	Vague quantifiers, Imprecise language
